Hardware Set Up

Hardware Requirements Administration Workstation and Exam Delivery Workstations

The minimum requirements for the *Administration Workstation* and *Exam Delivery Workstations* are essentially the same, with a few small exceptions as noted:

Item	Minimum Requirement	Notes
Processor	Pentium III, 1GHz	Prefer Pentium 4, 2 GHz
Operating System	Windows XP Professional or Windows 2000 Professional	Must be installed with latest released and supported Service Pack applied.
RAM	512 MB	
Hard Drive	4 GB available space	Prefer 10 GB on delivery workstation.
Video Adapter	High Color (16 bit), 1024 x 768 pixels, 8 MB Video RAM	Prefer True Color (32 bit), 1024 x 768 pixels, 32 MB Video RAM
Monitor	17 inch monitor or 15" Flat panel (eg LCD) monitor	Administration workstation may use 15 inch monitor.
Mouse and Keyboard	Required	
DVD-ROM Drive	Required on administration workstation only	
Audio Card	Soundblaster compatible audio	
Network Interface Card	100 Mbps capable	
LAN Connection	100 Mbps network throughput	Wireless networking not supported.
Internet Connection	Direct or dial-up	Required on the administration workstation (if dial-up, 56 Kbps modem required).
Printer	Laser quality 600 dpi with PostScript support	Accessible from administration and exam delivery workstations.
Virtual Memory Paging File	1.5 times installed RAM	
Internet Browser	Internet Explorer 5.5 SP 2	
Anti-Virus Software	Installed, enabled and regularly updated	

Hardware Requirements

Shared File Storage

The shared file storage must be accessible to the administration workstation and all exam delivery workstations.

In a Workgroup Scenario configuration (also known as Scenario 2), the shared file storage is located on the local hard drive of the administration workstation.

In a Server Scenario configuration (also known as Scenario 3), the shared file storage is on a separate file server.

Item	Minimum Requirement	Notes
Processor	Pentium III, 1GHz	Prefer Pentium 4, 2 GHz
Operating System	Windows XP Professional or Windows 2000 Professional	Must be installed with latest released and supported Service Pack applied.
RAM	512 MB	
Hard Drive	4 GB available space	Prefer 10 GB on delivery workstation.
Video Adapter	High Color (16 bit), 1024 x 768 pixels, 8 MB Video RAM	Prefer True Color (32 bit), 1024 x 768 pixels, 32 MB Video RAM
Monitor	17 inch monitor or 15" Flat panel (eg LCD) monitor	Administration workstation may use 15 inch monitor.
Mouse and Keyboard	Required	
DVD-ROM Drive	Required on administration workstation only	
Audio Card	Soundblaster compatible audio	
Network Interface Card	100 Mbps capable	
LAN Connection	100 Mbps network throughput	Wireless networking not supported.
Internet Connection	Direct or dial-up	Required on the administration workstation (if dial-up, 56 Kbps modem required).
Printer	Laser quality 600 dpi with PostScript support	Accessible from administration and exam delivery workstations.
Virtual Memory Paging File	1.5 times installed RAM

What about the Internet?

- You do not need Internet connections while testing is taking place
- You will have to connect through the Internet to register candidates, download exams and transmit results
 - This does not have to be done from the location testing will take place (e.g. portable server)
- Broadband connection are desirable but not essential
 - We are currently servicing 151 countries many with dial-up connections

Pearson VUE Proctor

- General Responsibilities
 - Proper testing environment
 - Proctoring – monitor candidates during every exam
 - Pearson VUE applications
 - Site Manager
 - Delivery Manager
 - Registration Manager
 - Verify Candidate Identification
 - Report incidents affecting candidate's performance

Frequently asked questions:

- All fee transactions are handled between National Registry and EMT School
- Registrations will be made by your site after candidates receive confirmation from the National Registry
- Results will be available via the NREMT Web site the following business day

Process To Become A Pearson VUE Test Center

1. Upon receipt of required documents and site acknowledges compliance with the hardware requirements a software installation kit will be shipped.
2. Once site is installed and Pearson VUE Administrator is certified site will be activated for delivery of Certification & Licensure Exams.
